russellboyle.com[®] site licences are perpetual and campus-wide. No limit is placed on the number of students accessing each course. PDF files may be uploaded to school intranets. No need for schools to keep check on the number of users logged on. Learning is scaffolded in all courses. Exercises are interspersed with detailed notes that explain important concepts and with questions that reinforce student skills.

Tax invoice supplied with all goods. Cheques should be made payable to Russell Boyle. Prices include a perpetual campus-wide site licence, a PDF file for school intranets, GST and postage within Australia. Multi-campus schools need one site licence per school campus. Prices are current until the end of December 2010. Prices will increase from 1 January 2011. Web programming courses are not available on approval.
